

A HIDDEN SECRET

for theaters, broadcast and conference applications

The C417 is a professional lavalier microphone with omnidirectional polar pattern. Its broadband, flat audio reproduction is ideal for all types of broadcast and theatrical applications. The sound is extremely open and natural, making it ideal for wireless or hardwire multi-mic situations. Thanks to its small housing, it can be inconspicuously and securely attached to jackets and costumes. An attachment clip, tie pin and windscreen are supplied with each C417.

The C417 is available in two versions. The C417 PP features a standard XLR connector while the C417 L provides a professional three-pin mini XLR connector that fits the body pack transmitters of all AKG wireless microphone systems.

Omnidirectional polar pattern

for unchanging sound quality in all directions

Extremely lightweight and inconspicuous

for excellent comfort and perfect fit

Professional three-pin, mini XLR connector

fits all AKG wireless pocket transmitters

Balanced sound characteristics

for natural reproduction of instruments

C417 on **AKG** life

Polar Patterns – Part 1

TECHNICAL SPECIFICATION

General	Audio frequency bandwidth	20 to 20000 Hz
	Equivalent Noise Level	34 dB-A
	Sensitivity	7 mV/Pa
	Signal to Noise	60 dB-A
	Electrical Impedance	200 Ohms
	Recommended Load Impedance	1000 Ohms

Powering Interface	Voltage	2 to 12 V
	Current	2 mA

Audio Output	Type	Mini XLR
	Gender	Female
	Contacts	3-pin

Design	Finish	matte black
